Please make any remarks or comments you have about your experience with Metropolitan Plastic Surgery in the space below.

*I had breast augmentation surgery eight years ago ('96). I am and have always been 100% satisfied with my decision. If I had to do it over again, I would not think twice about making the same decision. The staff is very caring, and always remember who I am, even eight years later. My future plans may be to have further implant surgery, and I will definitely be coming to Dr. Marefat. Besides all the first rate care I've received, I feel so much better about myself since the surgery. Thank you so much!*
